Another technique is to test out prices by creating a variety of duplicate gross sales pages with completely different prices on every page. Make sure that your sales copy is precisely the identical on each page, and consists of your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum worth is.

Finally, for those who've written a book that solves a problem or presents a brand new technique, your book will bring in both traffic and profits.
