price. Do this by creating a sales page for the brand new book, however don't include a price on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out prices by creating a variety of duplicate sales pages with totally different costs on every page. Be sure that your sales copy is precisely the same on each web page, and contains your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum price is.

In the end, if you happen to've written a e book that solves a downside or presents a new method, your e-book will bring in both traffic and profits.
