Then remember to use that sentence in each piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are a number of different strategies that may enable you to sell more books.

One is to offer one thing away at no cost with your e-book, such as a beneficial bonus item. Or bundle several ebooks under one price, which lowers the price for every ebook if they had been sold separately.

An efficient technique for determining a worth is to send out a survey to your present customers. If these customers have already purchased an ebook from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the brand new e-book, however don't include a price on that page. As a substitute, add a number of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out costs by making a variety of duplicate sales pages with completely different prices on every page. Make certain your sales copy is exactly the same on each page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum price is.

Ultimately, when you've written a e-book that solves a problem or presents a new approach, your

guide will herald each site visitors and profits. So you should definitely write that promoting-deal with sentence that sums up what downside your e-book solves and what the benefits of your 1045 e-book will likely be to the customers who purchase it. And then watch your market come to you!
