Then make sure to use that sentence in each piece of sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of other strategies that can enable you to promote extra books.

One is to provide something away without cost together with your e-book, akin to a helpful bonus item. Or bundle several ebooks under one price, which lowers the price for every ebook if they have been bought separately.

An efficient approach for figuring out a value is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new ebook, but don't embrace a value on that page. As a substitute, add a number of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out prices by making a variety of duplicate sales pages with totally different prices on every page. Make sure that your sales copy is precisely the identical on each

page, and includes your selling-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. It will let you know what your optimum value is.

In the end, in case you've written a e book that solves a downside or presents a new technique, your e-book will herald both site visitors and profits.
