An effective method for figuring out a price is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new guide, however don't embrace a worth on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with totally different costs on each page. Ensure that your gross sales copy is exactly the identical on every web page, and consists of your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum value is.

Finally, if you've written a ebook that solves a drawback or presents a new method, your e-book will bring in each site visitors and profits.
