An efficient approach for figuring out a worth is to ship out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion by way of price. Do this by creating a gross sales web page for the new guide, but don't include a price on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate sales pages with totally different costs on each page. Be certain your gross sales copy is precisely the same on each page,

and includes your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and gross sales of your book. This may inform you what your optimum value is.
