Do that by making a gross sales page for the brand new guide, but don't embody a price on that page. Instead, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out prices by creating a variety of duplicate gross sales pages with totally different prices on every page. Make sure your gross sales copy is exactly the same on every

page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum price is.

Finally, in the event you've written a book that solves a downside or presents a new method, your e-book will usher in each site visitors and profits.
