An effective approach for figuring out a value is to send out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for their opinion when it comes to price. Do that by making a sales page for the brand new guide, but do not include a price on that page. As a substitute, add numerous links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with completely different prices on each page. Be sure that your gross sales copy is precisely the identical on each

page, and consists of your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. It will inform you what your optimum value is.

Finally, should you've written a book that solves a downside or presents a new method, your book will usher in both traffic and profits. So remember to write that promoting-deal with sentence that sums up what drawback your ebook solves and what the benefits of your 306 guide will probably be to the purchasers who buy it. After which watch your market come to you!
