Do that by creating a gross sales web page for the brand new book, but don't include a value on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Make sure your sales copy is strictly the same on each page, and consists of your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This will inform you what your optimum value is.

Ultimately, in the event you've written a ebook that solves a problem or presents a brand new technique, your book will herald each visitors and profits.
