Do that by making a sales web page for the new e-book, but do not embody a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with different costs on each page. Make sure that your gross sales copy is exactly the same on every web page, and contains your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. This may inform you what your optimum value is.

In the end, in case you've written a book that solves a downside or presents a new technique, your guide will bring in both traffic and profits.
