Another strategy is to check out costs by making a number of duplicate gross sales pages with different prices on every page. Be certain your gross sales copy is exactly the identical on every

page, and consists of your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum value is.

Ultimately, should you've written a e book that solves a downside or presents a new technique, your e book will usher in each visitors and profits.
