promotional materials, and each time anybody asks you about your ebook.

An effective technique for determining a value is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new guide, but do not include a price on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with different costs on every page. Be certain that your sales copy is precisely the identical on each web page, and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum value is.

Finally, should you've written a book that solves a downside or presents a brand new approach, your guide will bring in each visitors and profits. So be sure you write that promoting-deal with sentence that sums up what downside your e-book solves and what the benefits of your 798 guide will probably be to the shoppers who buy it.
