An efficient approach for figuring out a price is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for his or her opinion in terms of price. Do this by creating a sales page for the brand new book, but don't embrace a price on that

page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Be sure that your gross sales copy is precisely the same on every page, and includes your selling-deal with sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. This may inform you what your optimum value is.

Ultimately, if you happen to've written a book that solves a problem or presents a brand new approach, your e book will bring in each site visitors and profits.
