An effective approach for figuring out a value is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for his or her opinion by way of price. Do that by making a gross sales web page for the new guide, however do not include a worth on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with completely different prices on each page. Make sure that your gross sales copy is exactly the same on each web page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. It will inform you what your optimum value is.

Finally, for those who've written a guide that solves a drawback or presents a new approach, your e-book will herald both site visitors and profits. So you'll want to write that promoting-deal with sentence that sums up what drawback your ebook solves and what the advantages of your 944 e-book will be to the customers who purchase it. After which watch your market come to you!
