An efficient technique for determining a price is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for his or her opinion in terms of price. Do that by making a sales page for the brand new e-book, but don't embody a price on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out costs by creating a variety of duplicate sales pages with completely different costs on every page. Ensure that your sales copy is exactly the identical on

every web page, and consists of your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum value is.

In the end, for those who've written a e-book that solves a problem or presents a brand new method, your guide will herald each visitors and profits.
